

ALL THE STOPS

A CELEBRATION OF
Opus 3529
THE ST. MATTHEW ORGAN

SUNDAY, MAY 15TH, 2022

St. Matthew Parish Presents “All the Stops”

A Celebration of the Restoration of the St. Matthew Organ

Sunday, May 15, 2022 at 3:00pm

Introduction

To celebrate the restoration of Opus 3529, the St. Matthew Church Organ, we are hosting a community-wide rededication concert featuring area-renowned organists. To commemorate this achievement, a special keepsake booklet is being produced that will be provided to each attendee. This booklet will detail the history of the organ, and the story of its restoration. Full of full color photos, history, the restoration journey, and documents from the Wicks Organ Company archives, it will certainly be of interest to all who attend.

To raise funds for St. Matthew Parish after a hiatus of Jazz Nite Gala events due to COVID, we are seeking parishioner sponsorships. Sponsors will be recorded and memorialized on dedicated pages in this special booklet. Thank you for your support and for helping to ensure that our organ sings the Lord’s praises for years to come!

The first 50 sponsors at the Pedal Organ and higher levels will receive a keepsake “stop” knob from the original organ! Since 1954, organists at St. Matthew have used these stop knobs to create the magnificent instrumental sounds on our King of Instruments! This is a **rare opportunity** to have a unique tangible keepsake reminder of this great celebration, easily used as a keychain!

Parishioner Sponsorship Form

Name: _____

Phone: _____

Special Wording (in memory of, in honor of, etc.):

Sponsorship Level (Ordered by the Pipe Divisions of the Organ):
